

Congressman Ryan Statement on Unemployment Insurance Extension

(Warren, OH) – Congressman Tim Ryan (OH-17) made the following statement after House Republicans voted to block an extension of unemployment insurance:

“With Ohio families working hard to make ends meet during this recession, House Republicans, led by Ohio’s John Boehner, chose party over country and voted against bringing money to the middle class,” said Congressman Tim Ryan. “The irony here is that these members voted against this crucial investment for hardworking families, but insist on extending tax cuts for their wealthy friends. We’ve seen how this movie ends before, and the American people can’t afford a sequel.”
